JAYCELYN S. C. TAN AMIM , MIM-CPT
BBA (Business Administration), National University of Malaysia (UKM)

Jaycelyn Tan possesses more than 20 years of professional experiences in various industries including Information Technology, Business Consulting, Building Technologies and Energy. Her main focus is in the financial arena especially project management financial and commercial controlling.

She has worked in sales and marketing roles in major IT companies like: NCR and Unisys Malaysia. She was also the Contract & Pricing Manager at Unisys before joining Siemens Nixdorf Information Systems (SNI) as its Senior Commercial Manager, where her main functions entailed overall financial planning, projects financial and commercial controlling, contracts and risks management. She was later appointed the Country Project Manager of Siemens Malaysia and was tasked to lead a team of consultants and power users for SAP implementation for Siemens Malaysia and SNI. Due to her knowledge and experiences in project management and her skills in managing the triple constraints of the project, the project successfully went live on schedule in mid 2002. With her practical knowledge in project management and financial controlling, she will be able to help and guide companies overcome their challenges in project implementation.

Her other key experiences also include :

- Being the Vice President-Finance & Business Administration of an IT and Consulting division of Siemens Malaysia. Assuming the function of the CFO of the division, her skills and consultative leadership style had led the teams to a successful three years of operation and profitable results.
- Being the Vice President-Finance & Business Administration of the Building Technologies division of Siemens Malaysia. Her efforts and involvement in redesigning certain pertinent Working Capital processes, streamlining the project management processes and staffing the right resources for the division had resulted in the division being turned around successfully.
- Being the Director-Finance & Business Administration of the Energy sector of Siemens Taiwan. There, she was responsible for 6 divisions, namely: Energy Transmission, Energy Distribution, Fossil Energy, Renewable Energy, O&G and Energy Services. Under her leadership, the sector had won a prestigious Business Award for the Northeast Asia Region under the Accounts Receivable improvement category in the FY2008/09.

She is currently also a Training Consultant for Siemens Management Institute based in Beijing, China.

Jaycelyn Tan is an Associate member of the Malaysian Institute of Management (MIM) and a MIM Certified Professional Trainer (MIM-CPT) specialising in Project Financial & Commercial Controlling programme.
